# Trinity Church

ANCIENT TRADITIONS IN MODERN PRACTICE

DOWNTOWN TOLEDO

*Membership is a person's formal commitment to support the people and ministries of Trinity Church. This commitment takes three specific forms.*

### *Attendance*

Trinity grows in unexpected and wonderful ways every time a new member joins the community. We support the people and ministries of our parish by our regular attendance at corporate worship on Sundays, in Holy Week, at Easter, and at parish events throughout the year. We take responsibility for bringing friends to share these celebrations.

### *Stewardship*

Trinity welcomes your particular gifts, and we hope that you will feel encouraged to bring new ideas, new energies, and new projects to the church. All members of the parish contribute time and money, involving themselves in the governance, growth and community life of the church. All members prayerfully reflect on their experience of giving and renew their commitment at the time of the annual pledge drive. We encourage one another to move toward tithing (10% of our income).

### *Baptism*

All members of Trinity are baptized Christians who actively live the faith in their daily lives. You may be baptized at any Sunday liturgy. If you have already been baptized, we ask that you have those records sent to the parish office (we can help you with this request).

### *Want more information?*

Call the parish offices at 419-243-1231 and request an appointment with the priest or one of the parish staff. Because God draws everyone into friendship, we support the education and growth of all people who come to Trinity Church.
