FORMATION

11:15am Sunday Formation Schedule

September 23rd- Introduction to Reclaiming Jesus Continues

October 7th & 14th -

[Open Table Initiative](#) Introduction led by Roberta Durham

The poet Robert Frost said home was the place where, "when you have to go there, they have to take you in." But what if you have nowhere to go? In Lucas County, every year up to 30 foster children "age out" by turning 18. As foster children, they never safely reunited with family, nobody adopted them, and now -- happy birthday! -- they're legal adults, totally on their own. Trinity will partner with The Open Table, a national initiative that organizes small groups to create transformational relationships with people in need. Interested in learning how you could help create community for Lucas County's former foster children? Come to My Brother's Place October 7 & 14 to learn more!

October 21 & 28, & November 4 -

[Introduction to the Episcopal Church](#) led by Lisa Tucker-Gray

We will gather for 3 Sundays in a row for a short introduction to our history, polity, worship and spirituality. Part of making disciples begins with our own learning and growing as disciples located in a particularly rich and beautiful liturgical tradition. Plan on joining us for all three sessions each offering a different aspect of what it means to be Episcopalian.

MUSIC & THE ARTS

A Choir Invitation

Choral activities are up and running at Trinity and I can't be happier with how they are sounding! The Choral Scholars, a group of five including our Visiting Artist, are versatile, agile, and will inspire us both in worship and in the community as we reach out beyond our church walls. The Canterbury Choir, which includes our excellent, gifted church members and high school students from Toledo School for the Arts, Start, Bowsher, and Rogers are preparing and already adding to our worship services. Besides prepping anthems and offertories, choir is being used as a tool to connect with these students that we wouldn't see otherwise.

Rehearsals will continue on Thursday nights from 7 to 8:30 PM with a lot of attention given to developing ear training and note reading. Don't wait until you have musically "arrived" to join choir- do it now and develop with us. Choirs are about getting the right people on the train.... Better get on it.

As a little backstory to our High School Program- I was fortunate enough to teach in Toledo Public High Schools and have a passion for offering what help I can to students who have heaps of musical talent and are sometimes prohibited from participating as often or as much as they would like by their

social circumstance. I'm also an advocate for discomfort when it comes to understanding a student that was so different than I was, growing up in a suburban population where everyone looked the same. I'm so happy that at Trinity, we have the resources to both care for some of these students, and also facilitate discussion between students that have other struggles and difficulties unique to their environment.

In future Trinity Topics, I will highlight one high school student per issue so the congregation can get to know them and their backstory better: This is about establishing community and I covet your support in making each student feel welcome, loved, and included. I invite you to join all the choir members and the scholars each Sunday morning for breakfast at 9 AM, before we start our warm-up and rehearsal at 9:15.

Cheers,
Nathanael Leonard
