from a place of deep gratitude. As I [...]

PARISH NEWS

Are We There Yet?

This is a question we are all asking about getting the front doors of our church open again. It has been a long journey and we write now to share the good news that we believe we are sneaking up on the last major turn in this part of the project which will allow us to reopen the "fishbowl" area, the attached doors leading out on to Adams street and the garage door giving access to parking off Adams as well. We have completed the initial first stage of the project which replaced all of the drainage off My Brother's Place and are now getting close to the completion of the work that will lay a new membrane to fix water damage problems over the front entryway. We have learned a lot through this part of this project and once these doors are open and the entrance is restored we will turn our attention to the bigger project of designing and planning for a major makeover for the rest of the Plaza area.

Please feel free to direct any questions to our Chair of the Property Committee, Dennis Degnan.

Exploring Your Yes- Advent Retreat
Saturday December 8th

One of the scripture passages that we often hear this time of year is Luke 1:26-38, when God sends Gabriel to tell Mary about God's plan for her. The most important part of this story is Mary's consent to take part. Without her yes, the world would be a very different place. While angels are rarely involved these days, God has not stopped inviting people to participate in God's action in the world. This quiet morning has been structured to help you explore your yes to partner with God in God's mission.

Join us the morning of Saturday, December 8, for a combination of guided activities and independent quiet time (prayer, journaling, coloring, walking outside, etc.).

8:30 am Continental breakfast

9:00 am Retreat opens

12:00 pm Retreat closes with soup and salad lunch

Location: 577 Foundation in Perrysburg (577 East Front Street)
